Sir,

Sub: Establishment of Waste to Energy project in Tirupati –
Allocation of land – requested – reg.

Ref: Representation of M/s Jindal, Dated: 02.12.2017.

With reference to the above, M/s Jindal ITF ltd has requested for allocation of land for establishing Waste to Energy plant at Tirupati at the earliest, in view of their machinery would be receiving to the site by May'18 as per their agreement with the vendor and by which time all their structural constructions are to be completed, failing of which it would be great loss to them.

Further during the review meeting held by Chief Secretary on WtE projects on 28.11.2017, instructed to pay personnel attention to sort out the issue at the earliest.

In view of the above, it is requested to arrange the land alienated in the name of ULB at the earliest to take up the WtE project.

Sub: Request for Land Allotment for Tirupathi Project Site,

Respected Sir,

With reference to the above subject, as your good selves are aware, we have ordered equipment (Boiler, Turbine, ACC and Flue gas cleaning system) for Tirupathi, Guntur and Visakhapatnam, And drawings, Design & Engineering is also complete. Manufacturing has started, Shipments from China of Boiler, and Other equipment will be dispatched, together in one Lot (Otherwise costs would go up by more than 30%),

As for Tirupathi Waste To Energy Project ,Land is still not allotted , we are worried that for our equipment shipped from China, we would be subjected to carrying the risk of incurring a heavy loss as installation will get delayed,

We once again request your good selves to immediately intervene and have the Land allotment done at the earliest,

With Warm Regards,

Umesh Chopra
