We are residents of Srikakulam town and our colony comes under Killipalem panchayat. We were complaining about the lack of cleaning of garbage dump, lack of dustbins and cleaning staff. We have even written emails to the collectorate and all the levels of officers. Recently, we have uploaded 4 complaints in Swachhta App. All these were initially marked as resolved. Upon second complaint, we received a response that the area comes under panchayat and is not eligible for the scheme. Compliant was even rejected and we got same response in the app too. There is no action taken by state authorities, local authorities and the area here is breeding mosquitoes and pigs. Please look in to the matter and instruct the authority to clean the area and make it a regular activity. Location on google maps is pin pointed for easy identification of area.
